DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 5-9, 13, 18 and 21-45 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 5, 6 and 8: lines 1 and 2, the phrase "the radiation responsive dies include an active area" gives no clear indication as to whether or not each die has an active area. For this matter, it is suggested as follows: on line 1 of claims 5, 6 and 8, after "wherein", -- each of -- should be inserted, and "include" should be replaced with -- includes --.

Similar changes should be made in claims 7 and 9, line 2. Particularly in claim 7, line 5, "the active area" should be replaced with -- corresponding active areas --.

In claim 13: lines 9 and 10, "the wire-bonds" has no antecedent basis in that the recitation on line 5 of the claim does not guarantee that each die has multiple wire-bonds.

Similar rejection as in claim 13 is also intended for claim 18.

In claim 21: the recitation on line 4 does not give a clear indication as to whether or not each die has an active area.

In claims 22 and 28: line 2, "the wire-bonds" has no antecedent basis, since the wire-bonds have not been positively recited.

Art Unit: ***

In claim 27: lines 3-5 fails to precisely point out that each die has first and second sides; and lines 6 and 7, no reflective connection is seen between the **dies** and the second **sides**. Suggestion: line 3, after "die," -- each of -- should be inserted; and line 7, "side" should be -- sides --.

Claim 33 has similar problem as in claim 21. Suggestion: on line 3, after ",", -- each of -- should be inserted to reflect the recitation on last line of the claim.

In claim 40: lines 4-6 fail to accurately provide clear picture that each die has an active area. Suggestion: line 4 of the claim, after ",", -- each of -- should be inserted.

The remaining claims depending from rejected base claims inherit the indefiniteness thereof.

Allowable Subject Matter

Claims 1-4, 10-12, 14-17, 19 and 20 are allowable.

Claims 21, 27, 33 and 40 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 5-9, 13, 18, 22-26, 28-32, 34-39 and 41-45 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
